FAQS

What is a Mobile Farmers Market?

It's a farmers market that comes to you! The REC purchases fruits and vegetables from local farms and drives it to central locations for your shopping convenience.

How do I pay?

We accept payment in the forms of cash, credit/debit cards, SNAP/EBT cards and Elder & WIC Coupons. SNAP users automatically earn extra benefits at our market through the Healthy Incentives Program.

What is the Healthy Incentives Program?

The Healthy Incentives Program (HIP) helps you buy more fruits and vegetables for your household. You can use your SNAP benefits to buy fruits and vegetables from the Mobile Market and you will receive the amount of your purchase added instantly back to your card with a monthly limit of between $40 and $80, depending on household size.
